## What is this product?

**Type:** Shares of a Sub-Fund of Amundi Funds Solutions ICAV, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as an ICAV.

**Term:** The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

**Objectives:** The Sub-Fund seeks to increase the value of your investment and to provide income over the recommended holding period.

The Sub-Fund seeks to achieve its investment objective by investing in a combination of debt securities issued/guaranteed by the Indian government, Indian local authorities and public authorities, Investment Grade debt securities and non-Investment Grade debt securities issued/guaranteed by companies incorporated or headquartered in India, and debt securities issued by supranational agencies or other OECD governments.

The Sub-Fund may invest up to 40% of Net Asset Value in corporate bonds; 20% of Net Asset Value in subordinated bonds; 10% of Net Asset Value in Money Market Instrument, 30% of Net Asset Value in supranational issuers; 20% of Net Asset Value in below Investment Grade government bonds and 20% of Net Asset Value in below Investment Grade corporate bonds.

If Indian debt securities issued by the government or its agencies become non-investment grade as per international rating agencies, the Sub-Fund will not invest more than 66.6% of Net Asset Value in Indian sovereign debt instruments.

The Sub-Fund may also invest up to 10% of Net Asset Value in other collective investment schemes.

Up to 5% of the Net Asset Value of the Sub-Fund may be held in Contingent Convertible Bonds.

The Sub-Fund aims to maintain a minimum 90% overall exposure to the Indian Rupee, non-Indian Rupee currency exposure within the Sub-Fund's portfolio will typically be partially or fully hedged using financial derivatives instruments such as forwards and swaps.

The Sub-Fund is actively managed. The FBIL T-Bill Benchmark (the "Benchmark") serves only as a reference indicator for assessing the Sub-Fund's performance. There are no constraints relative to the Benchmark regarding portfolio construction.

**Management Process:** The Sub-Fund integrates Sustainability Factors in its investment process as outlined in the section entitled "Overview of Responsible Investment Policy" in the Prospectus.

The investment manager aims to achieve the Sub-Fund's investment objective through a top-down and bottom-up investment process for constructing the portfolio. Top-down strategies focus on macroeconomic considerations, country and sector analysis. Bottom-up strategies evaluate the characteristics of individual instruments or issuers.

In determining the investments which the Sub-Fund will make, the Investment Manager utilises a four-phased investment process: (i) forecasting in order to identify trends in macroeconomic factors and interest and credit risk spreads (ii) strategic allocations between issuers utilising the results of the forecasting (iii) issuer selection of undervalued securities through a combination of fundamental analysis (i.e. changes in the level of issuers' indebtedness) and technical analysis (i.e. changes in the flows of the issue of debt securities) and finally (iv) portfolio construction.

**Intended Retail Investor:** This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment over the recommended holding period with the ability to bear losses up to the amount invested.

**Redemption and Dealing:** Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the Amundi Funds Solutions ICAV prospectus.

**Distribution Policy:** As this is a distributing share class, investment income is distributed.

**More Information:** You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Ireland Limited at AMUNDI IRELAND LIMITED, One George's Quay Plaza, George's Quay, Dublin 2, Ireland. The Net Asset Value of the Sub-Fund is available on [www.amundi.ie](http://www.amundi.ie).

**Depositary:** Société Générale S.A., Dublin Branch.

## What are the risks and what could I get in return?

### RISK INDICATOR

The risk indicator assumes you keep the product for 5 years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely impact our capacity to pay you.

**Additional risks:** Market liquidity risk could amplify the variation of product performances.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Sub-Fund's performance. Please refer to the Amundi Funds Solutions ICAV prospectus.

### What happens if Amundi Ireland Limited is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of Amundi Funds Solutions ICAV. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

### What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.
